

Desert Eagles Model Airplane Flying Club
Executive Board Meeting Minutes 03/20/2007
Library at 6:30 PM

- ! Walter Grasmick, Russ Crawford and Steve Henderson were present. Elliot Sussman and Don Brooks did not attend.

- ! Walter called the meeting to order.

- ! Walter has talked to the County Road and Bridge Manager and it appears that we will soon have approval to install a gate and sign at the south boundary entrance to our field.

- ! Walter installed four loads of gravel in the low spots on the easement portion of the south field entry road. During conversation with the Road and Bridge Manager, Walter found out that we may be able to use gravel from the county pit for the road portion owned by the county. That would be very convenient!

- ! Steve reported that our balance is \$1672 as of 3/10/07. However, there is an outstanding check for \$25 written to the Ucon Fire Department for grill rental that needs to be investigated.

- ! Steve has a request from the AMA for a list of the club officers and the instructor pilots. He is working on this.

- ! We will hold off on buying two new locks for the gates. Also, we need to keep the field north gate closed, but not locked. A sign to this effect is need on the gate.

- ! It sounds like we have lost the use of the Taylorview gym for flying. It is hoped that Al Tucker can save the day for us and get this privilege back.

- ! Brent Belnap is very busy so the Pit Area sprinkler system is in doubt. We still need to pull the 2-in pipe for this task.
