

Desert Eagles Model Airplane Flying Club
Executive Board Meeting Minutes 4/22/2006
At The Flying Field

- Brent Belnap, John Oakley, Russ Crawford, Lee Powell and Walter Grasmick.
- Meeting took place informally during our annual spring cleanup and flying time. It was a beautiful, calm, sunny, warm day. Roughly 20 members and potential member present.
- Brent and John went over to talk to our neighbor in the new white house to the north. It was noted that we sometimes fly very close to the space above their yard. We need to pass the word not to do this. Also agreed to fly electrics only if they let us know ahead of time when they are having a dinner party.
- I need to send an E-mail of the board meeting minutes to all the board members as soon as it is prepared. I would appreciate it if the board members have any comments or additions; please E-mail me back.
- Discussed the mowing contract and decided to place the contract since the cost is still reasonable. However, this will depend on the possible purchase of a newer mower and the volunteer mowing by a club member(s).
- Need to evaluate the suction hose connection to the pump (myself). It's awfully stiff, hard to make the connection and sometimes breaks the fitting.
- Discussed the membership packets – making them up and keeping them in the shed so they will be available.
