

DEMAC Club Meeting 12/7/09

Club Business

Gary Dumont announced the club officers for 2010 club officers. They are

Art Rood	President
Ron Larson	Vice President
Doug Wood	Treasurer
Jim Coleman	Secretary
Gary Dumont	Safety Officer cell 569 2010 w 529-0833

The financial turn over from Steve Henderson to Doug Wood is nearing completion. Doug gave a brief financial report.

Gary Dumont briefly discussed possible money saving ideas such as not contracting to have the grass mowed but doing it ourselves.

The New Years Day Fun fly at community park 11:00am was confirmed. Electrics only, Refreshments will be available.

Other Discussion

The topic of the Meeting was soldering

Elliot gave a demonstration on crimp power connectors for batteries speed controls etc. The crimp tool can be purchased from West Mountain Radio at <http://www.westmountainradio.com/PWRcrimp.htm>

The connectors and housing are made by Anderson Power Pole. They can be purchased from many locations on the web by searching for (Anderson Power Pole).

Gary displayed and talked about varies types of soldering equipment, Solder, flux etc etc.

Russ showed and discussed several butane torches used for soldering as well as Solder, flux etc etc.

Steve – Displayed several types of soldering irons including a very large 170 Watt soldering iron used for landing gear. Steve also showed us a Brietten Wire Bender.
