

Desert Eagles Club Minutes

April 5th, 2010

1. Jim David talked about a request from the Boy Scouts to hold a flight demonstration in early May at the Boy Scout Jamboree in Blackfoot. Art Rood has sent the AMA a question as to what is necessary to hold such an event.
2. Jim H. suggested we provide model magazines to dentists, doctors, barbers, etc to put in the waiting room. The magazines should have a sticker with a number and the DEMAC web site.
3. Welcomed new member Jerry Bolbow from West Yellowstone who joined during the meeting
4. The member list needs to be updated.
5. It was suggested that the password for members-only access to the web site be changed to the gate combination.
6. Suggested topics for next meeting: gliders, monokote workshop, flight simulators
7. If the weather is favorable next month (May), we will plan to have the meeting at the field. The decision will be made a week before the May meeting and an email will be sent out
