

Desert Eagles Model Airplane Flying Club
Executive Board Meeting Minutes 11/16/2006
Leptron at 8:00 PM

- Brent Belnap, Russ Crawford, Lee Powell, Walter Grasmick and John Oakley present. New board members Steve Henderson and Elliot Sussman were not there due to previous commitments. Thus, there was no assignment of positions in the new board. We will try to have a short board meeting an hour before the next club meeting so that this task may be completed.
- What to do for the Christmas party next club meeting? It was decided to have a raffle and a penny auction.
- John has started revising the bylaws to incorporate the changes needed by the noise/overfly area study outlined at the last club meeting. (See Minutes on Web Site.)
- Don Brooks has established a noise measurement area south of the pit area which he marked with partially buried bricks.
- A motion was made, seconded and passed to spend \$250 for raffle items. The raffle will be performed by drawing numbers, the winner choosing his prize, and then drawing the next number until all prizes are gone.
- Will do a call-around prior to the next club meeting so that everyone can bring a wrapped "gift" to donate to the penny auction. Walter will send us an E-mail dividing up the membership list for this call-around. Also, we will do a second "reminder" call-around Sunday before the meeting.
- Brent is getting a Desert Eagles coat and hat made up by Linda's Embroidery. Cost is about \$80 for both.
- Walter and John will buy the raffle prizes at the hobby shop.
