

Desert Eagles Model Airplane Flying Club
Executive Board Meeting Minutes
11/03/2008 AeroMark At 6:30 PM

- ! Walter Grasmick, Steve Henderson, Art Rood, Elliot Sussman and Russ Crawford were present.
- ! Art presented a plan-photo of the flying field showing the areas that are off-limits for flying. Various items were discussed about the boundaries and landmarks shown on the photo. A general consensus was reached on the changes needed and Art will incorporate the changes for presentation at the next board meeting.
- ! Jim Coleman and perhaps Ron Larsen are the only candidates for new board members. Steve will talk to Ron to see if he would be our Safety Officer. If only two candidates are available to fill two slots on the board, no election is needed—they are duly appointed.
- ! Steve mentioned that the club in St. Anthony or Ashton has lost their field because the new owner did not like the noise. So our policy of controlling noise and being proactive with the nearest neighbor is certainly justified.
- ! We need to change the combination on the locks (gate and shed) in March of every year. A new combination was agreed to and will be put in place on March 3, 2009 or the first day that the field is accessible. The code will be printed on our membership stickers so that members will know the combination as soon as they have paid their dues. This should be a good check on dues payment. It is a matter of fairness.
- ! The question of raising dues to perhaps \$60 was discussed. The club will vote on this in December.
- ! We will do a fun-fly at Community Park on January 1st.
- ! We will also have social Pizza party at Leo's on February 27th, 2009
