

Info from John Oakley about a change in the ownership of JD Hobbies.

As you all know we have had an amazing 5yrs. We have experienced excellent growth and support. We would like to thank everybody for their support. We wouldn't have been able to do any of this with out you! We hope that we are giving you a Local Hobby Shop that you can be proud of. We hope that we can continue to provide you with a place for fun and expertise!!

With this growth we have decided to expand. John from JD Hobbies is going to pursue some other RC interests and business opportunities. We will be opening a second location in Idaho Falls. We have come to a mutual agreement with JD Hobbies and will continue where John left off later this month. John's expertise will not be lost. He will still be available to make this as smooth of a transition as possible. We hope that working together we can provide the Valley with 2 shops that other locations will be envious of. Our focus will not change---RC is what we do. We hope to combine 2 different shops into 2 Radio controlled Super Centers.

John has put his heart and soul into the Idaho Falls shop and only wants to see it continue to grow. We wish him the best in his business venture. We will work together to give you-the customer- a shop you will be proud of!

You will see a lot of changes over the next few months and hope that you will be patient with us during this transition. The Idaho Falls location will have some temporary hours for a little while. We will have these posted ASAP.

Thanks you

Cory and MaLea Averett

Dapco Hobbies  
2211 Garrett Way  
Pocatello, ID 83201

Fax 208-232-8138

On another note....

As you all know, John has started a new business. His new company is called Leptron. He will be dealing in batteries and the like. He will also be maintaining some Heli business.

We wish John and his partner, Joe Podany, good luck in his new venture.
